

EcoLogo launches Hard Surface Cleaners Standard

July 30, 2010

EcoLogo has released the first draft of its Hard Surface Cleaners Standard for individual and stakeholder comment, according to a press release.

"This EcoLogo standard is being revised to ensure it continues to define environmental leadership for chemical products used to keep indoor and outdoor surfaces safe for human health and the environment," said Dr. Angela Griffiths, executive director of the EcoLogo Program.

The stakeholder consultation period for the review of this first draft of the EcoLogo Hard Surface Cleaners Standard will be open for 30 days beginning July 26, 2010, with comments received by August 30, 2010, the release stated.

According to the release, stakeholders wishing to comment on the review of the EcoLogo standard for Hard Surface Cleaners are encouraged to e-mail Shyam Ramrekha or call 1-800-478-0399 ext. 236.
